

President's Message

Dear Parents,

When this institution was started in 1955 by the founders of Arya Samaj , Model Town, I had no idea that it would one day enjoy an untarnishable position like the pole star in the galaxy of educational institutions. On account of the dedication and hard work put in by all the principals till now and teachers of this school have made this school progress every year by leaps and bounds. Today the total strength of this school has increased from 61 students to more than four thousand, number of staff members has increased from three to one hundred and fifty five and position of this school has progressed from being an ordinary school to be one of the Best 100 schools of India. Today, I can ensure you that your children, if admitted to this school, are in the best hands for their character and career to be shaped up. The vedic culture and values followed here will shape up the heart, mind and soul of your children in such a way that they would emerge out of the school as responsible and constructive citizens, making you feel proud of themselves and rendering you the gratification of being their parents .

All the Best to the new entrants.

Satyanand

President

From the Principal's Desk

Dear Students,

Welcome you all to one of the Best 100 Schools of India !

I feel immensely fortunate to have a dedicated, talented and highly committed teaching and support staff in my school who provide the best learning environment to all of you. We, here, need the trust and co-operation of the parents and guardians so that we may shape you up into active, creative, optimistic and progressive citizens of our society which is the dire need of the times. If you enter our school with a positive and humble bent of mind, you will find a lot of good opportunities waiting for you in R.S. Model School which will develop your latent capabilities. Our Chief purpose is to provide you value based quality education for your all round development in the best possible way.

Teachers, who are your second parents, are your true philosophers and guides. Always trust them and be respectful to them because they are working for your development and progress. You will always get a healthy and positive teaching learning environment provided you yourself should be hardworking and thirsty for knowledge.

Best wishes for your bright and successful future in R.S. Model Sr. Sec. School!

A Word from the Vice Principal

विद्या ददाति विनयम्, विनयाद् याति पात्रताम् ।
पात्रत्वाद् धनम् आप्नोति, धनाद् धर्मः ततः सुखम् ।।

According to swami Dayanand, Education is the third eye of the man. It gives politeness, ability to earn money, pleasure and contentment. The purpose of education is not to fill an empty vessel but to turn the eye of the soul towards light. The child is firmly at the heart of our work. At R.S, we seek all-around development of the child by providing students with meaningful and connected learning experiences as it is not a technical process but the art of cultivating the moral, emotional, psychological and spiritual dimensions of the developing child. The session 2014-15 has been exciting and our students have brought laurels in board results. Our aim has always been to enable our students to achieve topmost results and it came out in true colours. I congratulate the Principal Mr. Mohan Lal Kalra and entire team for their hard work and dedication in making this dream come true.

A committed and supportive worthy management, dedicated teachers, caring and co-operative parents and students is the foursome that must work in harmony for an unhindered progress and we are blessed that there is absolute synergy amongst them. I am very sure we can achieve more to benefit our students who are the future leaders of tomorrow.

Dear Students, now is the time to start creating miracles in your new life. Go ahead. Believe in yourself.

May God bless you !
With sincere and warm regards,

Asha Pahuja
